Title:	Chemical gas spread in Khas Kolkata's office! Sick of the smell 14, West Bengal			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Kolkata, SSU- West Bengal			

Chemical gas was released in Hare Street police station area of Khas Kolkata during busy hours. 14 people got sick from the smell. The incident caused a stir in the area. Several were admitted to the hospital.

It is known that some of the employees of a private company at 19 RN Mukherjee Road in Hare Street police station area were working on the third floor like other days. At first there was no problem. All of a sudden the three started having trouble breathing. After that, a musty smell quickly spread throughout the office. As a result of which 11 people fell ill one by one. They were quickly removed from there. As the condition of three people is critical, they were admitted to the hospital. They are treated there. Later he was released at around 3:30.

But what is this gas from? It is known that pest control work is done in the building where this incident happened. That is why this ryanik smells. The office was closed after work at night. The smell spread as soon as it was opened in the morning. Naturally, there was a sensation. However, the office was later closed to deal with the situation.
