Title:	Two more dead in Belagavi due to contaminated water, Karnataka			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Belagavi, SSU- Karnataka			

A day after a person died and 39 hospitalised in Yadgir district due to the consumption of contaminated water last Tuesday, similar incident broke out in Belagavi district on Wednesday, where two people died and 70 others hospitalised for consuming water from a borewell surrounded by the drain-like pond, official said.

Villagers of Muddenur in Ramdurg taluk, about 120km from district headquarter in Belagavi, thronged to the primary health centre (PHC) with complaints of vomiting and dehydration at around 6 in the evening on Wednesday.

However, Shivappa Belleri, whose vomiting and loose motion could not stop, breathed his last at the village at the PHC, officials said, adding that ten among the infected were in serious condition and rushed to district government hospitals at Belagavi and Bagalkot.

एक कदम स्वच्छता की ओर

A 70-year-old Saraswati Sangappa Havali from the same Muddenur village in Ramdurg taluk who was undergoing treatment for consuming contaminated borewell water, died at Ramdurg taluka hospital on Thursday evening.

Ramdurg tahasildar Mallikarjun Hegannavar told HT that all those hospitalised were stable and recovering and would be discharged by Friday morning.
