<b>Title:</b>	<b>35 people were hospitalized due to food poisoning after eating stale food in Banda, Uttar Pradesh</b>			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Banda, SSU- Uttar Pradesh			

35 people get food poisoning by eating stale food in the district (**Food Poisoning**) fell victim to. Where everyone's condition worsened due to vomiting, diarrhea and abdominal pain. In such a situation, there was an atmosphere of chaos in the village. During this, the quack doctor arrived in the village. He got some relief and then in the night, everyone's condition started deteriorating. Let us tell you that about 35 people had eaten food, along with which food was distributed in the neighborhood neighborhood of the area, so that people ate all the food. The condition worsened and everyone got food poisoning. During this, everyone was admitted to the primary health center.

In fact, this case was the program of prosecuting of Rajkumar's son Rajesh on Sunday in Majra Rajwa Dera of Macha village in Banda district. This program was to be held on Sunday evening, in which the confectioner had prepared the food at 2:00 pm. In such a situation, the people of the house ate the food, after handling the program safely, the food was saved. Where the neighbors ate stale food along with the family members on Monday morning. Shortly after eating stale food, everyone started vomiting and diarrhea along with stomach pain.

## Food poisoning caused by eating stale food

At the same time, instead of admitting the people who were affected by food poisoning to the primary health centre, the villagers called the quacks, doctors of Jauharpur Benda Ghat village. They treated everyone in the village itself. Injected bottle climbing pill given 2 hours until all stopped vomiting diarrhea abdominal pain. But again in the night this problem started again for all the people. The villagers were frightened, all of them ran to the primary health center and got admitted.

Police is investigating the matter

In this case, the health center in-charge told that everyone is being treated. In such a situation, everyone's condition is getting better. During this, the center in-charge was asked that you do not have the arrangement of beds. Is the way you are treating them by lying them on the ground below. On this he said that we have only 12 beds. We have put the patients in 12 beds and made the rest of the patients lie on the ground. During this, everyone is being treated. Because it is a disaster, the first thing to do is to save the life of the patient. We are doing the same thing first. At present, we have sent information to the CMO and have also informed the police station. Apart from this, information has also been sent to DM Banda. At present, the station in-charge has reached the village and investigated.
